### Data Flow Diagrams:

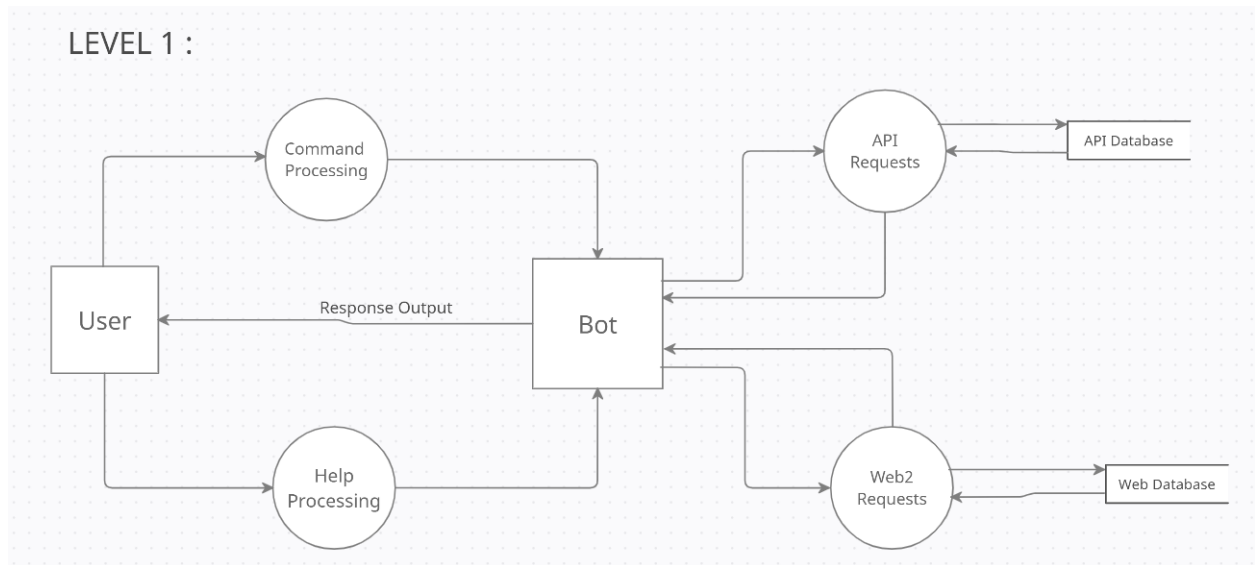

A data flow diagram (DFD) depicts how information flows through a process or system. It shows data inputs, outputs, storage sites, and paths between each destination using predetermined symbols such as rectangles, circles, and arrows, as well as brief text labels.

We are going to make a discord bot Clist Lite, which helps in competitive programming related things. Below are the DFDs for the same.

Level 0 DFD :

## Level 1 DFD :

## Level 2 DFD :
